TagUnset

\[ f/:\ \text{lhs} \neq . \text{removes any rules defined for } \text{lhs}, \text{ associated with the symbol } f. \]

Rules are removed only when their left-hand side is identical to \text{lhs}, and the tests in \text{Condition} given on the right-hand side are also identical. \[ \text{See page 575.} \]

\[ \text{See also: Clear, Unset.} \]
